9. Integration

9.1. Introduction

Integration is at the bottom of IDP processes. IDP phases must link to one another on the one hand and programmes of government and other sectors like private sector, parastatals must find expression within the IDP of the Municipality. It is further imperative that the IDP should link to the District IDP, Provincial growth and development strategy and the national spatial development perspective. It is within this context that sector plans find expression within the Municipal IDP.

Hereunder follows a summary some of the sector plans within Aganang Local Municipality that have cross cutting implications

9.2. Spatial Development Framework

Aganang Local Municipality has developed and adopted Spatial Development Framework. This framework informs development and future plans of the Municipality. The SDF identifies areas of potential within the Municipality that are critical to the development of the Municipality.

9.2.1. Municipal growth point

Rampuru-Ceres is identified as the growth point of the Municipality. The growth of the Municipality can radiate from this point.

9.2.2. Population concentration points

There are three population concentration points identified by the SDF. They are Mashashane, Setumong and Rampuru-Ceres.

9.2.3. Local service points

Both Kalkspruit and Tlbane are identified as areas of potential as service points.

9.2.4. Transport corridors

There are critical corridors that are identified by the SDF that connects the Municipality to other Municipality Polokwane-Gilead, Rampuru-Ceres to Senwabarwana, N11 road, and Mashashane-Mokopane road

9.3. HIV/Aids Strategy

9.3.1. Background

Aganang Municipality has developed HIV/Aids as response to the pandemic that threatens humanity. This strategy is aimed at intercepting the spread of the disease within the Municipality as well as contributing to efforts to the search for the cure.

The Aganang HIV/Aids strategy addresses for pillars of the national prevention strategy, namely:

- Prevention
- Treatment
- Research
- Human rights

9.3.2. Stakeholder driven HIV/Aids

The HIV/Aids strategy is a stakeholder driven approach in the fight against HIV/Aids. All stakeholders from government, CBO's, NGO's and the Community in general are key to successful implementation of the Strategy. It is premised on the notion that we have a role to play.

9.3.3. Key features of the Strategy

- Campaigns
- VCT
- Care and support

9.4. Tourism Strategy

Aganang Tourism Strategy identifies key important areas within the Municipality that have tourist potential. These areas are Utiene dam, Ratang baeng at Mashashane and Bakone game reserve. These areas have varying potential that can be explored for the betterment of Aganang Municipality Local Economy.

Matlala game reserve has major potential of becoming the most critical tourist particularly with Mogoshi Mountains which have significant historical heritage.

Utiene dam has potential of translating into a holiday resort because of its beautiful scenery.

Interestingly Aganang Municipality crossed by both N11 and Polokwane Gilead roads which are critical in linking the Municipality with other Municipalities like Mogalakwena and Polokwane. Gilead road further connects the Municipality to Botswana.

These corridors can be strategic linkages to these tourist potential sites.

9.5. LED Strategy

9.5.1. Background

Aganang Municipality has developed and adopted the LED strategy. This is in line with the pursuit of LED as one of the critical key local government agenda and also a catalyst for the development of Aganang Municipality.

The strategy focuses on tapping into the potential that exists within the Municipality. Key areas for LED in Aganang.

9.5.2. Key LED drivers for Aganang Municipality

Aganang LED strategy identifies key drivers as central to the development of Aganang Local Municipality area. These are identified as follows:

9.5.2.1. Meat Cluster

Most of the families within the municipality are involved in subsistence stock farming and further that there are Community based projects that deal with poultry production, cattle, goat and sheep. These initiatives can be harnessed and clustered into various meat clusters that can be able to turn primary economic activity (production) to secondary economic activities (manufacturing).

9.5.2.2. Nodal Point development

The development of nodal points and service points within the Municipality can help change settlement patterns of the Municipality. This in turn can help turnaround economic activities of the Municipality.

9.5.2.3. Mining development

Since there are prospects that Mining potential exists along the south western and northern parts of the Municipality, these must be taken up since it can turn the economy of the Municipality around

9.5.2.4. Informal economy development

Most of the people in Aganang Municipality are engaged in the informal economy activities. These initiatives if given the necessary support can grow to become formal economy activities that can provide jobs and promote sustainable livelihoods.

9.5.2.5. Cultural tourism

The strategy identifies cultural tourism as one aspect that can be explored to lift local economy. This can be done by taking advantage tourist potentials sites as identified by the tourism strategy.

9.5.2.6. Economic Infrastructure development

One of the aspects that are central to economic development is the delivery of infrastructure like water, electricity and roads. The delivery of these infrastructures will go a long way supporting business initiatives within the Municipality.

9.5.2.7. Marula harvest

Most the Aganang Municipality is covered by Marula trees. These fruits can be harvested for exportation to areas that have established plants that processes these fruits for the production of Marula beer and other related products

9.6. Communication Strategy

9.6.1. Background

Aganang Communication strategy is geared towards there effective Communication amongst stakeholders. The Strategy identifies both internal stakeholders (Staff, Councillors, Ward Committees etc) and external stakeholders (CBO's, sector Departments etc) as drivers of the strategy.

9.6.2. Key Communication Drivers

- IDP/Budget Consultations
- Annual reports
- Municipal events
- Projects launch

9.6.3. Key Mediums for Communication

- Newsletters(internal and external)
- Advertisements
- Print and electronic media
- Meetings
- Notices
- Forums etc

9.6. Municipal housing Chapter

The Municipality has developed the housing chapter with assistance from the COGHSTA. The chapter outlines housing challenges within the Municipality amongst them:

- Lack of land ownership(as such no title deeds only PTO's) and this affects provision of rental or bond housing
- Lack of bulk services
- Municipality not being a housing authority and as such depend on allocations from the department.
- Some RDP houses left unoccupied

The housing chapter further outlines municipal nodal points as strategic areas for housing provision which can be developed into R293 townships. These are amongst other the following:

- Ceres-Rampuru
- Kgabopark
- Vlakfontein
- Mandela
- Kalkspruit etc

The housing chapter should be followed in order to have an orderly and informed housing delivery within the Municipality
